

# VIRTUAL RETREATS

Exciting pre-recorded school-based retreats. Designed to celebrate faith in school!

## Virtual Retreats for Pupils.

Experience the gift of retreating as a community of faith, through sharing, prayer, song, sign language, and more, all written, recorded and provided for you by OneLife Music.

A retreat for the whole primary school: Celebrating that in God's eyes we are all unique and valuable.

- Liturgies and songs have been recorded for the children.
- Dan and Emily share their thoughts and ideas with their sharing films.
- Carefully structured class activities for KS1, Upper and Lower KS2.
- Children work with their teacher to explore the retreat's message.

## Twilight Reflections for Staff and Governors.

Exploring the themes of Autumn, Advent, Lent and Summer, these reflections require very little preparation from school. OneLife Music has prepared everything for you.

The course platform guides you through each section allowing participants to simply stop for an hour of community reflection, prayer and wellbeing.

Dan and Emily are already very well known for their visits to schools across the Midlands since 2010 and are now excited to be using their wealth of experience to create wonderfully tailored virtual retreats for the school setting.
