Welsh National Catholic Conference Day for RSE

Next Steps

We're delighted that your school along with over 70 other Catholic schools in Wales set aside your inset day on 17th February to be a part of the first **Welsh National Catholic Conference Day for RSE** organised by **Ten Ten Resources** in partnership with the **Catholic Education Services**. We hope that the Conference helped to equip and encourage your whole staff to implement the Welsh Government RSE Statutory Guidance and Code in school. Here's some of the fantastic feedback from participants:

"I feel very confident that if using Ten Ten we are covering what is expected and are compliant with WG and CES guidance."

"The conference in this format was a great idea."

"Beautiful prayer focus for each session."

"Practical and realistic approach to difficult and sensitive topics."

"A lot to discuss and think about. Thank you."

"An excellent day of presentations. Presented with God at the centre at all times. Diolch."

"This was a very useful conference and gave us further invaluable information regarding RSE in Wales."

"The content was very good especially the workshops. Having access to the workshops after the training is a great tool. Thank you."

"A great time to come together as a staff to discuss and share our RSE working within school."

"Thank you so much. We are so impressed with the quality of this INSET training. A wealth of knowledge shared from a wide variety of professionals. Diolch yn fawr iawn!"

"The speech about the rocket was the most empowering speech I have ever heard."

Relationships and Sexuality Education

E-Learning Course (Welsh Version)

In August 2022, Ten Ten Resources and the Catholic Education Service together launched a Welsh version of our certified E-Learning Course.

This six-module course (available in both Welsh and English languages) looks specifically at the Catholic RSE, Welsh RSE Guidance and Code, the CES Model Curriculum, engaging parents, a module on governance and policy, and an overview of some of the delicate balancing schools will need to undertake to ensure that your curriculum is fit for purpose. This course is completely free of charge.

Please note, this is a different website to Ten Ten Resources, so you will need to create a new login to access the course.

Life to the Full: Primary | Life to the Full: Secondary

Life to the Full is a fully comprehensive RSE curriculum programme.

There is an annual subscription to access the programme which we have made as affordable as possible for all schools, and Headteachers throughout the UK have told us that not only is it great value for money but the programme has resulted in excellent inspection reports and had a positive impact on the children, young people, teachers, parents and entire school community.

One of the resources available as part of the Life to the Full programme, for primary and secondary, is a **Wales Mapping Document** which shows how the programme fulfills the requirements of the RSE Welsh Government Code and Guidance. For those who have been subscribers for a long time to Life to the Full and who will be familiar with our mapping documents, it's worth noting that this is a new document, specifically created for Wales.

Life to the Full Plus

In response to so many primary schools in Wales asking us to consider creating resources that will cover the remaining elements of the Health and Wellbeing content that Life to the Full doesn't cover, we are working towards releasing an add-on programme called **Life to the Full Plus** which will meet this need.

It will mean that primary schools will not need to create their own resources or subscribe to other providers in order to have resources for their full Health and Wellbeing curriculum. This, we know, will provide huge savings for your school. We are planning for it to be released for September 2023.

CPD Package

We are delighted to announce that the Catholic Education Service in Wales has secured funding to grant access to our **CPD Package of training resources for 12 months, starting on 1 March 2023**. If your school has a subscription to Ten Ten Resources, you will automatically be gifted access to this package of resources. If you don't currently have a subscription to Ten Ten Resources, please contact us so we can give you access.

On this platform, you will be able to catch up with any workshops you didn't attend this morning, and also receive immediate access to archive sessions and new live training sessions as they are created and broadcast.

Collective Worship

For primary schools, you can also sign up to our **Collective Worship** subscription which includes weekly assembly resources, daily classroom prayer, a weekly staffroom prayer resource as well as access to our Collective Worship Content Library full of seasonal and archived resources. Our monthly Parent Newsletter is a great way to engage parents with the faith life of your school. Schools who sign up to both Life to the Full and Collective Worship can take advantage of an additional dual subscription discount of £200.

For secondary schools, we are currently developing a new Collective Worship package. This is still in its infancy at the moment, but we're really excited about how it will be used across secondary schools in England and Wales.

Character Education: The Virtue of Temperance

For secondary schools, we have recently released a **free resource** aimed at Year 10 and above.

Character Education: The Virtue of Temperance is the pilot of a new programme of resources produced by Ten Ten Resources in partnership with The London Oratory School and The Jubilee Centre for Character and Virtues.

This has been such an amazing project to work on, with an incredibly gifted creative team. Luna's Quest, the animated film, that is central to the session is wonderful - schools who have used the resource say that it has really engaged their students.

The Hub

In **The Hub** area of the Ten Ten Resources website you will find articles, guidance and support for all teachers on the subject of Collective Worship and Relationships, Sex and Health Education.
